JE Series

Street Food Trucks are mobile catering units that usually offer a variety of food options, such as burgers, hot dogs, local specialties, etc. They are flexible and can attract customers in different locations in the city, often seen at festivals, markets and parks. The unique appearance and brand story of the food trucks make them stand out, and they are also places for social and cultural exchanges.

Many food trucks also focus on sustainable development, using environmentally friendly ingredients and packaging to meet the dual needs of modern consumers for food and the environment.

Model no. JE-4901

JE Series

Product name: Multifunctional food truck

Product color: Support customization

Frame material: National standard galvanized steel pipe

Body material: Aluminum-zinc alloy metal insulation board

Interior design: Free design of exclusive style

Product size: Support customization

Warranty service: 24 months warranty

Brand motor: 2-year warranty

Usage area: Shopping malls, Pedestrian streets, Scenic spots, Night markets, etc.

Vacuum tires
High elasticity, good wear resistance

Driving platform
Complete function buttons

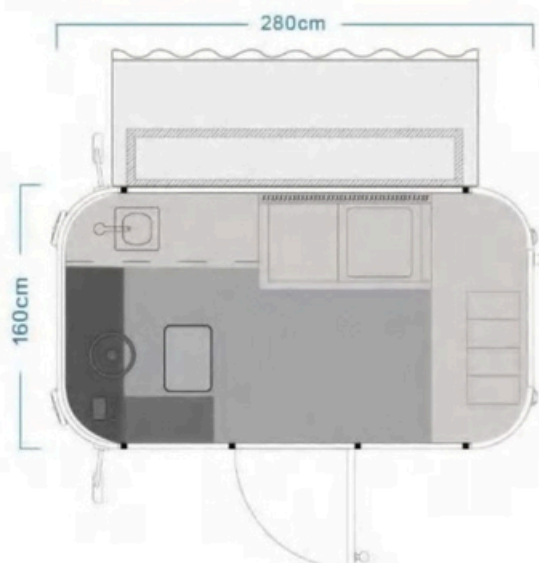

Internal Environment
Internal equipment supports customization

Awning
Thickened and reinforced, sunshade and rainproof

Charging port
Comply with international safety standards

HF Series

The log cabin series dining cars are designed with log cabins in mind, showing a rural style and natural atmosphere to attract customers. Their unique appearance is usually combined with insulation panels that are warm in winter and cool in summer, creating a comfortable and warm dining environment.

The dining car offers a variety of food options, such as local snacks and handmade desserts, to meet the needs of different customers. In addition, the wooden dining car pays attention to environmental protection, uses sustainable materials, and integrates community culture, making it an ideal place for social gatherings.

Model no. HF-9203
